EMAIL: purchase@middletownct.gov

BIDDER ACKNOWLEDGES RECEIPT OF ADDENDUM #1: _____

COMPANY NAME

All bidders are hereby advised of the following amendments to the contract bid documents which are hereby made an integral part of the specifications for the subject project, prepared by the City of Middletown to the same extent as all other documents. All work shall conform to the standards and provisions of same. Bids submitted shall be deemed to include contract document information as shown in Addendum No. 1. General bidders shall notify sub-bidders that may be affected by this addendum as applicable. **Bidders shall be required to acknowledge receipt of this addendum in the space provided on the Bid Proposal Form on Pg. 23.**

Failure to acknowledge receipt of this addendum by the bidder may result in the rejection of their bid. Bidders are directed to review changes to all portions of the work as changes to one portion may affect the work of another.

TOTAL ADDENDA 3 PAGES

*****BIDDER NOTE:** If you have already submitted a bid you shall be required to acknowledge receipt of this addendum under separate cover in a sealed envelope clearly marked with the bid number and description. This acknowledgment must be received by the time and date specified to be accepted by the City

Donna L. Imme, CPPB
Supervisor of Purchases

Has your organization ever been engaged in any litigation? _____ Yes _____ No

If yes, with whom, when, where, why, and outcome? _____

Provide a list of major Material Suppliers (pipeline materials, coating suppliers, etc.) used on previous projects:

Name of Supplier, Company, and/or Firm	Material Supplied	Address / Telephone Number

PART IV – UNDERSTANDING OF THE PROJECT AND PRELIMINARY DRILLING PLAN (30 pts)

Indicate your understanding of the Project and local conditions by including a brief summary containing all relevant information pertaining, but not limited, to your experience with each of the following Project components:

- proposed pipeline materials
- proposed work in urban pipeline entry and exit locations and associated angles
- proposed pipeline route and depth at various critical locations along the proposed drill paths
- anticipated soil conditions along each of the proposed drill paths
- anticipated drilling fluid downhole pressure requirements along the proposed drill paths
- anticipated drilling fluid containment issues

Based on the information provided and your Understanding of the Project, please provide a preliminary Drilling Plan for the Project that includes the following component:

- proposed equipment for the Project
- subcontractor requirements
- ~~HDD drill rig staging locations~~
- site surveying and tracking requirements
- how HDD Contractor will address pipeline installation requirements to avoid or address steering difficulties when crossing under waterways and highways with restricted surface access
- how HDD Contractor will address drilling fluid pressure control
- how HDD Contractor will address drilling fluid containment
- preliminary borehole diameter(s)
